**JABIL INC. AND SUBSIDIARIES**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
**(Unaudited)**

### 1. Basis of Presentation

The accompanying unaudited Condensed Consolidated Financial Statements have been prepared in accordance with U.S. generally accepted accounting principles (“U.S. GAAP”) for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by U.S. GAAP for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) necessary to present fairly the information set forth therein have been included. The accompanying unaudited Condensed Consolidated Financial Statements should be read in conjunction with the Consolidated Financial Statements and footnotes included in the Annual Report on Form 10-K of Jabil Inc. (the “Company”) for the fiscal year ended August 31, 2022. Results for the six months ended February 28, 2023 are not necessarily an indication of the results that may be expected for the full fiscal year ending August 31, 2023.

### 2. Trade Accounts Receivable Sale Programs

The Company regularly sells designated pools of high credit quality trade accounts receivable, at a discount, under uncommitted trade accounts receivable sale programs to unaffiliated financial institutions without recourse. As these accounts receivable are sold without recourse, the Company does not retain the associated risks following the transfer of such accounts receivable to the respective financial institutions.

As of February 28, 2023, the Company may elect to sell receivables and the unaffiliated financial institutions may elect to purchase specific accounts receivable at any one time up to a: (i) maximum aggregate amount available of \$2.1 billion under nine trade accounts receivable sale programs, (ii) maximum amount available of 400 million CNY under one trade accounts receivable sale program and (iii) maximum amount available of 100 million CHF under one trade accounts receivable sale program. The trade accounts receivable sale programs expire on various dates through 2025.

The Company continues servicing the receivables sold and in exchange receives a servicing fee under each of the trade accounts receivable sale programs. Servicing fees related to the trade accounts receivable sale programs recognized during the three months and six months ended February 28, 2023 and 2022 were not material. The Company does not record a servicing asset or liability on the Condensed Consolidated Balance Sheets as the Company estimates that the fee it receives to service these receivables approximates the fair market compensation to provide the servicing activities.

In connection with the trade accounts receivable sale programs, the Company recognized the following (in millions):

|  | Three months ended |                   | Six months ended  |                   |
|--|--------------------|-------------------|-------------------|-------------------|
|  | February 28, 2023  | February 28, 2022 | February 28, 2023 | February 28, 2022 |
| Trade accounts receivable sold <sup>(1)</sup>        | \$ 2,922           | \$ 1,966          | \$ 6,450          | \$ 3,934          |
| Cash proceeds received                               | \$ 2,914           | \$ 1,965          | \$ 6,432          | \$ 3,932          |
| Pre-tax losses on sale of receivables <sup>(2)</sup> | \$ 8               | \$ 1              | \$ 18             | \$ 2              |

<sup>(1)</sup> Receivables sold are excluded from accounts receivable on the Condensed Consolidated Balance Sheets and are reflected as cash provided by operating activities on the Condensed Consolidated Statements of Cash Flows.

<sup>(2)</sup> Recorded to other expense within the Condensed Consolidated Statements of Operations.

### 3. Inventories

Inventories consist of the following (in millions):

|   | February 28, 2023 | August 31, 2022 |
|---|-------------------|-----------------|
| Raw materials                             | \$ 5,576          | \$ 4,918        |
| Work in process                           | 499               | 687             |
| Finished goods                            | 522               | 605             |
| Reserve for excess and obsolete inventory | (78)              | (82)            |
| Inventories, net                          | \$ 6,519          | \$ 6,128        |

#### 4. Leases

During fiscal year 2023, the Company entered into new operating and finance leases. The future minimum lease payments under these new leases as of February 28, 2023 were as follows (in millions):

|  | Payments due by period |                  |           |           |               |
|--|------------------------|------------------|-----------|-----------|---------------|
|  | Total                  | Less than 1 year | 1-3 years | 3-5 years | After 5 years |
| Operating lease obligations <sup>(1)</sup> | \$ 70                  | \$ 19            | \$ 29     | \$ 17     | \$ 5          |
| Finance lease obligations <sup>(1)</sup>   | \$ 75                  | \$ 45            | \$ 30     | \$ —      | \$ —          |

- <sup>(1)</sup> Excludes \$204 million of payments related to operating and finance leases signed but not yet commenced. Of these excluded payments, \$122 million relates to a variable interest entity (“VIE”), for which the Company is not the primary beneficiary. This is also the Company’s maximum exposure to loss related to the VIE. The Company expects the lease related to the VIE to commence in fiscal year 2024. Additionally, certain leases signed but not yet commenced contain residual value guarantees and purchase options not deemed probable.

#### 5. Notes Payable and Long-Term Debt

Notes payable and long-term debt outstanding as of February 28, 2023 and August 31, 2022 are summarized below (in millions):

|  | Maturity Date                 | February 28, 2023 | August 31, 2022 |

| <b>Notes payable and long-term debt, less current installments</b> |                               | <b>\$ 2,577</b>   | <b>\$ 2,575</b> |

- <sup>(1)</sup> On February 10, 2023, the Company entered into an amendment (the “Amendment”) to its senior unsecured credit agreement dated as of January 22, 2020 (as amended, the “Credit Facility”). The Amendment, among other things, (i) instituted certain amendments to the sustainability-linked adjustments to the interest rates applicable to borrowings under the three-year revolving credit facility (the “Three-Year Revolving Credit Facility”) and the Company’s five-year revolving credit facility (the “Five-Year Revolving Credit Facility”), (ii) established customary SOFR, CDOR, EURIBOR and TIBOR provisions, which replaced the LIBOR provisions set forth in the existing agreement, and (iii) extended the termination date of the Three-Year Revolving Credit Facility to January 22, 2025, and of the Five-Year Revolving Credit Facility to January 22, 2027.

- <sup>(2)</sup> As of February 28, 2023, the Company has \$3.8 billion in available unused borrowing capacity under its revolving credit facilities. The Credit Facility acts as the back-up facility for commercial paper outstanding, if any. The Company has a borrowing capacity of up to \$3.2 billion under its commercial paper program.

#### Debt Covenants

Borrowings under the Company’s debt agreements are subject to various covenants that limit the Company’s ability to: incur additional indebtedness, sell assets, effect mergers and certain transactions, and effect certain transactions with subsidiaries and affiliates. In addition, the revolving credit facilities and the 4.900% Senior Notes contain debt leverage and interest coverage covenants. The Company is also subject to certain covenants requiring the Company to offer to repurchase the 4.900%, 3.950%, 3.600%, 3.000%, 1.700% or 4.250% Senior Notes upon a change of control. As of February 28, 2023 and August 31, 2022, the Company was in compliance with its debt covenants.

## Fair Value

Refer to Note 16 – “Fair Value Measurements” for the estimated fair values of the Company’s notes payable and long-term debt.

## 6. Asset-Backed Securitization Program

Certain Jabil entities participating in the global asset-backed securitization program continuously sell designated pools of trade accounts receivable to a special purpose entity, which in turn sells certain of the receivables at a discount to conduits administered by an unaffiliated financial institution on a monthly basis. In addition, a foreign entity participating in the global asset-backed securitization program sells certain receivables at a discount to conduits administered by an unaffiliated financial institution on a daily basis.

The Company continues servicing the receivables sold and in exchange receives a servicing fee under the global asset-backed securitization program. Servicing fees related to the global asset-backed securitization program recognized during the three months and six months ended February 28, 2023 and 2022 were not material. The Company does not record a servicing asset or liability on the Condensed Consolidated Balance Sheets as the Company estimates that the fee it receives to service these receivables approximates the fair market compensation to provide the servicing activities.

The special purpose entity in the global asset-backed securitization program is a wholly-owned subsidiary of the Company and is included in the Company’s Condensed Consolidated Financial Statements. Certain unsold receivables covering up to the maximum amount of net cash proceeds available under the domestic, or U.S., portion of the global asset-backed securitization program are pledged as collateral to the unaffiliated financial institution as of February 28, 2023.

The global asset-backed securitization program expires on November 25, 2024 and the maximum amount of net cash proceeds available at any one time is \$600 million. As of February 28, 2023, the Company had no available liquidity under its global asset-backed securitization program.

In connection with the asset-backed securitization programs, the Company recognized the following (in millions):

|  | Three months ended |                   | Six months ended  |                   |
|--|--------------------|-------------------|-------------------|-------------------|
|  | February 28, 2023  | February 28, 2022 | February 28, 2023 | February 28, 2022 |
| Trade accounts receivable sold <sup>(1)</sup>        | \$ 998             | \$ 1,000          | \$ 2,064          | \$ 2,032          |
| Cash proceeds received <sup>(2)</sup>                | \$ 989             | \$ 999            | \$ 2,047          | \$ 2,029          |
| Pre-tax losses on sale of receivables <sup>(3)</sup> | \$ 9               | \$ 1              | \$ 17             | \$ 3              |

<sup>(1)</sup> Receivables sold are excluded from accounts receivable on the Condensed Consolidated Balance Sheets and are reflected as cash provided by operating activities on the Condensed Consolidated Statements of Cash Flows.

<sup>(2)</sup> The amounts primarily represent proceeds from collections reinvested in revolving-period transfers.

<sup>(3)</sup> Recorded to other expense within the Condensed Consolidated Statements of Operations.

The global asset-backed securitization program requires compliance with several covenants including compliance with the interest ratio and debt to EBITDA ratio of the Credit Facility. As of February 28, 2023 and August 31, 2022, the Company was in compliance with all covenants under the global asset-backed securitization program.

## 7. Accrued Expenses

Accrued expenses consist of the following (in millions):

|  | February 28, 2023 | August 31, 2022 |
|--|-------------------|-----------------|
| Inventory deposits                         | \$ 1,975          | \$ 1,586        |
| Contract liabilities <sup>(1)</sup>        | 1,128             | 796             |
| Accrued compensation and employee benefits | 653               | 806             |
| Other accrued expenses                     | 2,110             | 2,084           |
| Accrued expenses                           | \$ 5,866          | \$ 5,272        |

<sup>(1)</sup> Revenue recognized during the six months ended February 28, 2023 and 2022 that was included in the contract liability balance as of August 31, 2022 and 2021 was \$254 million and \$196 million, respectively.

## 8. Postretirement and Other Employee Benefits

### *Net Periodic Benefit Cost*

The following table provides information about the net periodic benefit cost for all plans for the three months and six months ended February 28, 2023 and 2022 (in millions):

|   | Three months ended |                   | Six months ended  |                   |
|---|--------------------|-------------------|-------------------|-------------------|
|   | February 28, 2023  | February 28, 2022 | February 28, 2023 | February 28, 2022 |
| Service cost <sup>(1)</sup>                             | \$ 4               | \$ 6              | \$ 8              | \$ 12             |
| Interest cost <sup>(2)</sup>                            | 3                  | 1                 | 6                 | 2                 |
| Expected long-term return on plan assets <sup>(2)</sup> | (3)                | (4)               | (8)               | (8)               |
| Recognized actuarial gain <sup>(2)</sup>                | (2)                | (3)               | (4)               | (6)               |
| Amortization of actuarial gain <sup>(2)(3)</sup>        | (2)                | (2)               | (3)               | (4)               |
| Amortization of prior service cost <sup>(2)</sup>       | 1                  | 1                 | 2                 | 2                 |
| Net periodic benefit cost (credit)                      | <u>\$ 1</u>        | <u>\$ (1)</u>     | <u>\$ 1</u>       | <u>\$ (2)</u>     |

<sup>(1)</sup> Service cost is recognized in cost of revenue in the Condensed Consolidated Statements of Operations.

<sup>(2)</sup> Components are recognized in other expense in the Condensed Consolidated Statements of Operations.

<sup>(3)</sup> Actuarial gains and losses are amortized using a corridor approach. The gain/loss corridor is equal to 10 percent of the greater of the projected benefit obligation and the fair value of plan assets. Gains and losses in excess of the corridor are generally amortized over the average future working lifetime of the plan participants.

## 9. Derivative Financial Instruments and Hedging Activities

The Company is directly and indirectly affected by changes in certain market conditions. These changes in market conditions may adversely impact the Company's financial performance and are referred to as market risks. The Company, where deemed appropriate, uses derivatives as risk management tools to mitigate the potential impact of certain market risks. The primary market risks managed by the Company through the use of derivative instruments are foreign currency risk and interest rate risk.

### *Foreign Currency Risk Management*

Forward contracts are put in place to manage the foreign currency risk associated with the anticipated foreign currency denominated revenues and expenses. A hedging relationship existed with an aggregate notional amount outstanding of \$1.0 billion and \$1.4 billion as of February 28, 2023 and August 31, 2022, respectively. The related forward foreign exchange contracts have been designated as hedging instruments and are accounted for as cash flow hedges. The forward foreign exchange contract transactions will effectively lock in the value of anticipated foreign currency denominated revenues and expenses against foreign currency fluctuations. The anticipated foreign currency denominated revenues and expenses being hedged are expected to occur between March 1, 2023 and November 30, 2023.

In addition to derivatives that are designated as hedging instruments and qualify for hedge accounting, the Company also enters into forward contracts to economically hedge transactional exposure associated with commitments arising from trade accounts receivable, trade accounts payable, fixed purchase obligations and intercompany transactions denominated in a currency other than the functional currency of the respective operating entity. The aggregate notional amount of these outstanding contracts as of February 28, 2023 and August 31, 2022, was \$3.6 billion and \$3.4 billion, respectively.

The gains and losses recognized in earnings due to amounts excluded from effectiveness testing were not material for all periods presented and are included as components of net revenue, cost of revenue and selling, general and administrative expense, which are the same line items in which the hedged items are recorded.

In addition, the Company has entered into forward foreign currency exchange contracts to hedge a portion of its net investment in foreign currency denominated operations, which are designated as net investment hedges. The net investment hedges have an aggregate notional amount outstanding of \$127 million and \$0 million as of February 28, 2023 and August 31, 2022, respectively, and are expected to mature in August 2023. The effective portion of the gain or loss on net investment hedges is reported in OCI to offset the change in the carrying value of the net investment being hedged until the complete or substantially complete liquidation of the hedged foreign operation. The excluded components for the net investment hedges are not material and are recognized in interest expense.

Refer to Note 16 – "Fair Value Measurements" for the fair values and classification of the Company's derivative instruments.

The following table presents the net gains (losses) from forward contracts recorded in the Condensed Consolidated Statements of Operations for the periods indicated (in millions):

| Derivatives Not Designated as Hedging Instruments Under ASC 815 | Location of Gain (Loss) on Derivatives Recognized in Net Income | Amount of Gain (Loss) Recognized in Net Income on Derivatives |                   |                   |                   |
|---|---|---|-------------------|-------------------|-------------------|
|   |   | Three months ended  |                   | Six months ended  |                   |
|   |   | February 28, 2023   | February 28, 2022 | February 28, 2023 | February 28, 2022 |
| Forward foreign exchange contracts <sup>(1)</sup>               | Cost of revenue   | \$ 30   | \$ 22             | \$ (16)           | \$ 60             |

- <sup>(1)</sup> For the three months ended February 28, 2023, the Company recognized \$53 million of foreign currency losses in cost of revenue, which are offset by the gains from the forward foreign exchange contracts. For the six months ended February 28, 2023, the Company recognized \$4 million of foreign currency losses in cost of revenue, in addition to losses from the forward foreign exchange contracts. For the three months and six months ended February 28, 2022, the Company recognized \$9 million and \$37 million, respectively, of foreign currency losses in cost of revenue, which are offset by the gains from the forward foreign exchange contracts.

### Interest Rate Risk Management

The Company periodically enters into interest rate swaps to manage interest rate risk associated with the Company's borrowings or anticipated debt issuances.

#### Cash Flow Hedges

The following table presents the interest rate swaps outstanding as of February 28, 2023, which have been designated as hedging instruments and are accounted for as cash flow hedges (in millions):

| Interest Rate Swap Summary | Hedged Interest Rate Payments | Aggregate Notional Amount | Effective Date | Expiration Date                 |
|----------------------------|-------------------------------|---------------------------|----------------|---------------------------------|
| Forward Interest Rate Swap |                               |                           |                |                                 |
| Anticipated Debt Issuance  | Fixed                         | \$ 150                    | May 24, 2021   | July 31, 2024 <sup>(1)(2)</sup> |
| Anticipated Debt Issuance  | Fixed                         | \$ 100                    | August 8, 2022 | July 31, 2024 <sup>(1)(2)</sup> |

- <sup>(1)</sup> The contracts will be settled with the respective counterparties on a net basis at the expiration date for the forward interest rate swap.  
<sup>(2)</sup> If the anticipated debt issuance occurs before July 31, 2024, the contracts will be terminated simultaneously with the debt issuance.

### 10. Accumulated Other Comprehensive Income

The following table sets forth the changes in accumulated other comprehensive income ("AOCI"), net of tax, by component for the six months ended February 28, 2023 (in millions):

|  | Foreign Currency Translation Adjustment | Derivative Instruments | Actuarial Gain (Loss) | Prior Service (Cost) Credit | Total   |
|--|---|------------------------|-----------------------|-----------------------------|---------|
| Balance as of August 31, 2022                              | \$ (88)                                 | \$ (3)                 | \$ 65                 | \$ (16)                     | \$ (42) |
| Other comprehensive income (loss) before reclassifications | 18                                      | (7)                    | 2                     | (1)                         | 12      |
| Amounts reclassified from AOCI                             | —                                       | 44                     | (7)                   | 2                           | 39      |
| Other comprehensive income (loss) <sup>(1)</sup>           | 18                                      | 37                     | (5)                   | 1                           | 51      |
| Balance as of February 28, 2023                            | \$ (70)                                 | \$ 34                  | \$ 60                 | \$ (15)                     | \$ 9    |

- <sup>(1)</sup> Amounts are net of tax, which are immaterial.

The following table sets forth the amounts reclassified from AOCI into the Condensed Consolidated Statements of Operations, and the associated financial statement line item, net of tax, for the periods indicated (in millions):

| Comprehensive Income Components                                   | Financial Statement Line Item | Three months ended |                   | Six months ended  |                   |

| Realized losses (gains) on derivative instruments: <sup>(1)</sup> |                               |                    |                   |                   |                   |
| Foreign exchange contracts  | Cost of revenue               | \$ 1               | \$ (6)            | \$ 44             | \$ (5)            |
| Interest rate contracts   | Interest expense              | —                  | 1                 | —                 | 2                 |
| Actuarial gain  | <sup>(2)</sup>                | (4)                | (5)               | (7)               | (10)              |
| Prior service cost  | <sup>(2)</sup>                | 1                  | 1                 | 2                 | 2                 |
| Total amounts reclassified from AOCI <sup>(3)</sup>               |                               | <u>\$ (2)</u>      | <u>\$ (9)</u>     | <u>\$ 39</u>      | <u>\$ (11)</u>    |

- (1) The Company expects to reclassify less than \$1 million into earnings during the next twelve months, which will primarily be classified as a component of cost of revenue.
- (2) Amounts are included in the computation of net periodic benefit cost. Refer to Note 8 – “Postretirement and Other Employee Benefits” for additional information.
- (3) Amounts are net of tax, which are immaterial for the three months and six months ended February 28, 2023 and 2022.

## 11. Stockholders' Equity

The Company recognized stock-based compensation expense within selling, general and administrative expense as follows (in millions):

|                              | Three months ended |                   | Six months ended  |                   |
|------------------------------|--------------------|-------------------|-------------------|-------------------|

| Restricted stock units       | \$ 16              | \$ 12             | \$ 54             | \$ 44             |
| Employee stock purchase plan | 4                  | 4                 | 8                 | 7                 |
| Total                        | <u>\$ 20</u>       | <u>\$ 16</u>      | <u>\$ 62</u>      | <u>\$ 51</u>      |

As of February 28, 2023, the shares available to be issued under the 2021 Equity Incentive Plan were 8,437,901.

### Restricted Stock Units

Certain key employees have been granted time-based, performance-based and market-based restricted stock unit awards (“restricted stock units”). The time-based restricted stock units generally vest on a graded vesting schedule over three years. The performance-based restricted stock units generally vest on a cliff vesting schedule over three years and up to a maximum of 150%, depending on the specified performance condition and the level of achievement obtained. The performance-based restricted stock units have a vesting condition that is based upon the Company’s cumulative adjusted core earnings per share during the performance period. The market-based restricted stock units generally vest on a cliff vesting schedule over three years and up to a maximum of 200%, depending on the specified performance condition and the level of achievement obtained. The market-based restricted stock units have a vesting condition that is tied to the Company’s total shareholder return based on the Company’s stock performance in relation to the companies in the Standard and Poor’s (S&P) Super Composite Technology Hardware and Equipment Index excluding the Company. During the six months ended February 28, 2023 and 2022, the Company awarded approximately 0.9 million and 0.7 million time-based restricted stock units, respectively, 0.2 million and 0.2 million performance-based restricted stock units, respectively, and 0.2 million and 0.2 million market-based restricted stock units, respectively.

The following represents the stock-based compensation information as of the period indicated (in millions):

|  | February 28, 2023 |
|--|-------------------|
| Unrecognized stock-based compensation expense—restricted stock units | \$ 64             |
| Remaining weighted-average period for restricted stock units expense | 1.5 years         |

### Common Stock Outstanding

The following represents the common stock outstanding for the periods indicated:

- (1) In July 2021, the Board of Directors approved an authorization for the repurchase of up to \$1.0 billion of the Company's common stock (the "2022 Share Repurchase Program"). As of February 28, 2023, 16.5 million shares had been repurchased for \$1.0 billion and no authorization remains under the 2022 Share Repurchase Program.
- (2) In September 2022, the Board of Directors approved an authorization for the repurchase of up to \$1.0 billion of the Company's common stock (the "2023 Share Repurchase Program"). As of February 28, 2023, 0.3 million shares had been repurchased for \$25 million and \$975 million remains available under the 2023 Share Repurchase Program.

## 12. Concentration of Risk and Segment Data

### Concentration of Risk

Sales of the Company's products are concentrated among specific customers. During the six months ended February 28, 2023, the Company's five largest customers accounted for approximately 44% of its net revenue and 79 customers accounted for approximately 90% of its net revenue. Sales to these customers were reported in the Electronics Manufacturing Services ("EMS") and Diversified Manufacturing Services ("DMS") operating segments.

The Company procures components from a broad group of suppliers. Some of the products manufactured by the Company require one or more components that are available from only a single source.

### Segment Data

Net revenue for the operating segments is attributed to the segment in which the service is performed. An operating segment's performance is evaluated based on its pre-tax operating contribution, or segment income. Segment income is defined as net revenue less cost of revenue, segment selling, general and administrative expenses, segment research and development expenses and an allocation of corporate manufacturing expenses and selling, general and administrative expenses. Certain items are excluded from the calculation of segment income. Transactions between operating segments are generally recorded at amounts that approximate those at which we would transact with third parties.

The following table sets forth operating segment information (in millions):

|  | Three months ended |                   | Six months ended  |                   |

| Lease costs   | —                                | —                 | —                                | (1)               |
| Asset write-off costs   | 4                                | —                 | 5                                | —                 |
| Other costs   | —                                | —                 | 4                                | —                 |
| Total restructuring, severance and related charges <sup>(2)</sup> | \$ —                             | \$ —              | \$ 45                            | \$ —              |

<sup>(1)</sup> Primarily relates to headcount reduction to further optimize the Company's business activities and includes \$0 million and \$4 million recorded in the EMS segment, \$0 million and \$33 million recorded in the DMS segment and \$0 million and \$8 million of non-allocated charges for the three months and six months ended February 28, 2023, respectively. Except for asset write-off costs, all restructuring, severance and related charges are cash costs.

<sup>(2)</sup> The restructuring liability is \$34 million as of February 28, 2023, which primarily relates to employee severance and benefit costs incurred in fiscal year 2022 and the six months ended February 28, 2023. We expect the majority of the severance to be paid during fiscal year 2023.

### 14. Income Taxes

#### Effective Income Tax Rate

The U.S. federal statutory income tax rate and the Company's effective income tax rate are as follows:

|  | Three months ended |                   | Six months ended  |                   |
|--|--------------------|-------------------|-------------------|-------------------|
|  | February 28, 2023  | February 28, 2022 | February 28, 2023 | February 28, 2022 |
| U.S. federal statutory income tax rate | 21.0 %             | 21.0 %            | 21.0 %            | 21.0 %            |
| Effective income tax rate              | 27.6 %             | 21.7 %            | 26.6 %            | 22.8 %            |

The effective income tax rate differed for the three months and six months ended February 28, 2023, compared to the three months and six months ended February 28, 2022, primarily due to: (i) a change in the jurisdictional mix of earnings, driven in part by restructuring charges for the six months ended February 28, 2023 and (ii) a \$10 million income tax benefit associated with the reversal of a non-U.S. partial valuation allowance during the three months ended February 28, 2023.

The effective income tax rate differed from the U.S. federal statutory income tax rate of 21.0% during the three months and six months ended February 28, 2023 and 2022, primarily due to: (i) the jurisdictional mix of earnings, (ii) losses in tax jurisdictions with existing valuation allowances, and (iii) tax incentives granted to sites in China, Malaysia, Singapore and Vietnam.

### 15. Earnings Per Share and Dividends

#### Earnings Per Share

The Company calculates its basic earnings per share by dividing net income attributable to the Company by the weighted average number of common shares outstanding during the period. The Company's diluted earnings per share is calculated in a similar manner, but includes the effect of dilutive securities. The difference between the weighted average number of basic shares outstanding and the weighted average number of diluted shares outstanding is primarily due to dilutive unvested restricted stock units.

Potential shares of common stock are excluded from the computation of diluted earnings per share when their effect would be antidilutive. Performance-based restricted stock units are considered dilutive when the related performance criteria have been met assuming the end of the reporting period represents the end of the performance period. All potential shares of common stock are antidilutive in periods of net loss. Potential shares of common stock not included in the computation of earnings per share because their effect would have been antidilutive or because the performance criterion was not met were as follows (in thousands):

|                        | Three months ended |                   | Six months ended  |                   |
|------------------------|--------------------|-------------------|-------------------|-------------------|
|                        | February 28, 2023  | February 28, 2022 | February 28, 2023 | February 28, 2022 |
| Restricted stock units | 363.7              | 465.6             | 363.7             | 465.6             |

### Dividends

The following table sets forth cash dividends declared by the Company to common stockholders during the six months ended February 28, 2023 and 2022 (in millions, except for per share data):

(1) Consist of investments that are readily convertible to cash with original maturities of 90 days or less.

(2) The Company's forward foreign exchange contracts, including cash flow hedges and net investment hedges are measured on a recurring basis at fair value, based on foreign currency spot rates and forward rates quoted by banks or foreign currency dealers.

(3) Fair value measurements are based on the contractual terms of the derivatives and use observable market-based inputs. The interest rate swaps are valued using a discounted cash flow analysis on the expected cash flows of each derivative using observable inputs including interest rate curves and credit spreads.

### Fair Value of Financial Instruments

The carrying amounts of cash and cash equivalents, trade accounts receivable, prepaid expenses and other current assets, accounts payable and accrued expenses approximate fair value because of the short-term nature of these financial instruments. The carrying amounts of borrowings under credit facilities and under loans approximates fair value as interest rates on these instruments approximates current market rates.

Notes payable and long-term debt is carried at amortized cost; however, the Company estimates the fair values of notes payable and long-term debt for disclosure purposes. The following table presents the carrying amounts and fair values of the Company's notes payable and long-term debt, by hierarchy level as of the periods indicated (in millions):

|  | Fair Value Hierarchy | February 28, 2023 |            |                 | August 31, 2022 |    |     |

## JABIL INC. AND SUBSIDIARIES

*This Quarterly Report on Form 10-Q contains forward-looking statements, within the meaning of the Private Securities Litigation Reform Act of 1995, that involve risks and uncertainties. Many of the forward-looking statements are located in Item 2 of this Form 10-Q under the heading “Management’s Discussion and Analysis of Financial Condition and Results of Operations.” Forward-looking statements provide current expectations of future events based on certain assumptions and include any statement that does not directly relate to any historical or current fact. Forward-looking statements can also be identified by words such as “future,” “anticipates,” “believes,” “estimates,” “expects,” “intends,” “plans,” “predicts,” “will,” “would,” “should,” “could,” “can,” “may,” and similar terms. Forward-looking statements are not guarantees of future performance and the Company’s actual results may differ significantly from the results discussed in the forward-looking statements. Achievement of anticipated results is subject to substantial risks, uncertainties and inaccurate assumptions. Should known or unknown risks or uncertainties materialize, or should underlying assumptions prove inaccurate, actual results could vary materially from past results and those anticipated, estimated or projected. You should bear this in mind as you consider forward-looking statements, and you are cautioned not to put undue reliance on forward-looking statements. We undertake no obligation to publicly update forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law or by the rules and regulations of the SEC. You are advised, however, to consult any further disclosures we make on related subjects. Factors that might cause such differences include, but are not limited to, those discussed in Part II, Item 1A to this Quarterly Report on Form 10-Q and in Part I, Item 1A of the Company’s Annual Report on Form 10-K for the year ended August 31, 2022 such as, scheduling production, managing growth and capital expenditures and maximizing the efficiency of our manufacturing capacity effectively; managing rapid declines or increases in customer demand and other related customer challenges that may occur; the scope and duration of the COVID-19 outbreak and its impact on our operations, sites, customers and supply chain; our dependence on a limited number of customers; our ability to purchase components efficiently and reliance on a limited number of suppliers for critical components; risks arising from relationships with emerging companies; changes in technology and competition in our industry; our ability to introduce new business models or programs requiring implementation of new competencies; competition; transportation issues; our ability to maintain our engineering, technological and manufacturing expertise; retaining key personnel; risks associated with international sales and operations; energy price increases or shortages; our ability to achieve expected profitability from acquisitions; risk arising from our restructuring activities; issues involving our information systems, including security issues; regulatory risks (including the expense of complying, or failing to comply, with applicable regulations; risk arising from design or manufacturing defects; and intellectual property risk); financial risks (including customers or suppliers who become financially troubled; turmoil in financial markets; tax risks; credit rating risks; risks of exposure to debt; currency fluctuations; and asset impairment); changes in financial accounting standards or policies; and risk of natural disaster, climate change or other global events. References in this report to “the Company,” “Jabil,” “we,” “our,” or “us” mean Jabil Inc. together with its subsidiaries, except where the context otherwise requires.*

## **Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations**

### **Overview**

We are one of the leading providers of worldwide manufacturing services and solutions. We provide comprehensive electronics design, production and product management services to companies in various industries and end markets. Our services enable our customers to reduce manufacturing costs, improve supply-chain management, reduce inventory obsolescence, lower transportation costs and reduce product fulfillment time. Our manufacturing and supply chain management services and solutions include innovation, design, planning, fabrication and assembly, delivery and managing the flow of resources and products. We derive substantially all of our revenue from production and product management services (collectively referred to as "manufacturing services"), which encompass the act of producing tangible components that are built to customer specifications and are then provided to the customer.

We serve our customers primarily through dedicated business units that combine highly automated, continuous flow manufacturing with advanced electronic design and design for manufacturability. We currently depend, and expect to continue to depend for the foreseeable future, upon a relatively small number of customers for a significant percentage of our net revenue, which in turn depends upon their growth, viability and financial stability.

We conduct our operations in facilities that are located worldwide, including but not limited to, China, Ireland, Malaysia, Mexico, Singapore and the United States. We derived a substantial majority, 84.0% and 85.0%, of net revenue from our international operations for the three months and six months ended February 28, 2023, respectively. Our global manufacturing production sites allow customers to manufacture products simultaneously in the optimal locations for their products. Our global presence is key to assessing and executing on our business opportunities.

We have two reporting segments: Electronics Manufacturing Services ("EMS") and Diversified Manufacturing Services ("DMS"), which are organized based on the economic profiles of the services performed, including manufacturing capabilities, market strategy, margins, return on capital and risk profiles. Our EMS segment is focused around leveraging IT, supply chain design and engineering, technologies largely centered on core electronics, utilizing our large scale manufacturing infrastructure and our ability to serve a broad range of end markets. Our EMS segment is a high volume business that produces product at a quicker rate (i.e. cycle time) and in larger quantities and includes customers primarily in the 5G, wireless and cloud, digital print and retail, industrial and semi-cap, and networking and storage industries. Our DMS segment is focused on providing engineering solutions, with an emphasis on material sciences, technologies and healthcare. Our DMS segment includes customers primarily in the automotive and transportation, connected devices, healthcare and packaging, and mobility industries.

We monitor the current economic environment and its potential impact on both the customers we serve as well as our end-markets and closely manage our costs and capital resources so that we can respond appropriately as circumstances change.

Refer to Item 7. "Management's Discussion and Analysis of Financial Condition and Results of Operations" section contained in our Annual Report on Form 10-K for the fiscal year ended August 31, 2022 for further discussion of the items disclosed in Item 2. "Management's Discussion and Analysis of Financial Condition and Results of Operations" section as of February 28, 2023 contained herein.

### **COVID-19**

The COVID-19 pandemic has had, and continues to have, significant impacts in countries where we operate. Travel and business operation restrictions arising from governmental virus containment efforts have continued to impact our operations in Asia during this fiscal year.

Certain of our suppliers continue to experience supply chain constraints, including difficulty sourcing materials necessary to fulfill customer production requirements and challenges in transporting completed products to our end customers.

## Summary of Results

The following table sets forth, for the periods indicated, certain key operating results and other financial information (in millions, except per share data):

|                                       | Three months ended |                   | Six months ended  |                   |

## Key Performance Indicators

Management regularly reviews financial and non-financial performance indicators to assess the Company's operating results. Changes in our operating assets and liabilities are largely affected by our working capital requirements, which are dependent on the effective management of our sales cycle as well as timing of payments. Our sales cycle measures how quickly we can convert our manufacturing services into cash through sales. We believe the metrics set forth below are useful to investors in measuring our liquidity as future liquidity needs will depend on fluctuations in levels of inventory, accounts receivable and accounts payable.

The following table sets forth, for the quarterly periods indicated, certain of management's key financial performance indicators:

|   | Three months ended |                   |                   |
|---|--------------------|-------------------|-------------------|
|   | February 28, 2023  | November 30, 2022 | February 28, 2022 |
| Sales cycle <sup>(1)</sup>                  | 50 days            | 39 days           | 35 days           |
| Inventory turns (annualized) <sup>(2)</sup> | 4 turns            | 5 turns           | 4 turns           |
| Days in accounts receivable <sup>(3)</sup>  | 41 days            | 42 days           | 38 days           |
| Days in inventory <sup>(4)</sup>            | 93 days            | 78 days           | 86 days           |
| Days in accounts payable <sup>(5)</sup>     | 84 days            | 81 days           | 89 days           |

<sup>(1)</sup> The sales cycle is calculated as the sum of days in accounts receivable and days in inventory, less the days in accounts payable; accordingly, the variance in the sales cycle quarter over quarter was a direct result of changes in these indicators.

<sup>(2)</sup> Inventory turns (annualized) are calculated as 360 days divided by days in inventory.

<sup>(3)</sup> Days in accounts receivable is calculated as accounts receivable, net, divided by net revenue multiplied by 90 days.

<sup>(4)</sup> Days in inventory is calculated as inventories, net and contract assets divided by cost of revenue multiplied by 90 days. During the three months ended February 28, 2023, the increase in days in inventory from the prior sequential quarter and the three months ended February 28, 2022, was primarily due to higher raw material balances related to supply chain constraints, particularly in the automotive supply chain.

<sup>(5)</sup> Days in accounts payable is calculated as accounts payable divided by cost of revenue multiplied by 90 days. During the three months ended February 28, 2023, the increase in days in accounts payable from the prior sequential quarter was primarily due to an increase in material purchases and timing of payments during the quarter. During the three months ended February 28, 2023, the decrease in days in accounts payable from the three months ended February 28, 2022, was primarily due to cash payments and timing of purchases during the quarter.

## Critical Accounting Policies and Estimates

The preparation of our Condensed Consolidated Financial Statements and related disclosures in conformity with U.S. generally accepted accounting principles ("U.S. GAAP") requires management to make estimates and judgments that affect our reported amounts of assets and liabilities, revenues and expenses, and related disclosures of contingent assets and liabilities. On an on-going basis, we evaluate our estimates and assumptions based upon historical experience and various other factors and circumstances. Management believes that our estimates and assumptions are reasonable under the circumstances; however, actual results may vary from these estimates and assumptions under different future circumstances. For further discussion of our

significant accounting policies, refer to Note 1 — “Description of Business and Summary of Significant Accounting Policies” to the Consolidated Financial Statements and “Management’s Discussion and Analysis of Financial Condition and Results of Operations – Critical Accounting Policies and Estimates” in our Annual Report on Form 10-K for the fiscal year ended August 31, 2022.

## Recent Accounting Pronouncements

## Results of Operations

### Net Revenue

Generally, we assess revenue on a global customer basis regardless of whether the growth is associated with organic growth or as a result of an acquisition. Accordingly, we do not differentiate or separately report revenue increases generated by acquisitions as opposed to existing business. In addition, the added cost structures associated with our acquisitions have historically been relatively insignificant when compared to our overall cost structure.

The distribution of revenue across our segments has fluctuated, and will continue to fluctuate, as a result of numerous factors, including the following: fluctuations in customer demand; efforts to diversify certain portions of our business; business growth from new and existing customers; specific product performance; and any potential termination, or substantial winding down, of significant customer relationships.

| (dollars in millions) | Three months ended |                   |        | Six months ended  |                   |        |
|-----------------------|--------------------|-------------------|--------|-------------------|-------------------|--------|
|                       | February 28, 2023  | February 28, 2022 | Change | February 28, 2023 | February 28, 2022 | Change |
| Net revenue           | \$ 8,134           | \$ 7,553          | 7.7 %  | \$ 17,769         | \$ 16,120         | 10.2 % |

Net revenue increased during the three months ended February 28, 2023, compared to the three months ended February 28, 2022. Specifically, the DMS segment net revenue increased 8% due to: (i) a 6% increase in revenues from existing customers within our automotive and transportation business, (ii) a 5% increase in revenues from existing customers within our mobility business, and (iii) a 4% increase in revenues from existing customers within our healthcare and packaging business. The increase is partially offset by a 7% decrease in revenues from existing customers within our connected devices business. The EMS segment net revenue increased 7% due to: (i) a 4% increase in revenues from existing customers within our industrial and capital equipment business, (ii) a 2% increase in revenues from existing customers within our digital print and retail business, and (iii) a 2% increase in revenues from existing customers within our networking and storage business. The increase is partially offset by a 1% decrease in revenues from existing customers within our 5G, wireless and cloud business.

Net revenue increased during the six months ended February 28, 2023, compared to the six months ended February 28, 2022. Specifically, the EMS segment net revenue increased 13% due to: (i) a 4% increase in revenues from existing customers within our industrial and capital equipment business, (ii) a 4% increase in revenues from existing customers within our digital print and retail business, (iii) a 3% increase in revenues from existing customers within our networking and storage business, and (iv) a 2% increase in revenues from existing customers within our 5G, wireless and cloud business. The DMS segment net revenue increased 8% due to: (i) a 7% increase in revenues from existing customers within our automotive and transportation business, (ii) a 4% increase in revenues from existing customers within our healthcare and packaging business, and (iii) a 1% increase in revenues from existing customers within our mobility business. The increase is partially offset by a 4% decrease in revenues from existing customers within our connected devices business.

We continue to expect \$800 million in components that we procure and integrate for our cloud business will shift from a purchase and resale model to a customer-controlled consignment service model during fiscal year 2023. As a result of this continued transition, revenue associated with these components are shown on a net basis and as a result, we expect higher gross margins and lower cash used in this business.

The following table sets forth, for the periods indicated, revenue by segment expressed as a percentage of net revenue:

|       | Three months ended |                   | Six months ended  |                   |
|-------|--------------------|-------------------|-------------------|-------------------|
|       | February 28, 2023  | February 28, 2022 | February 28, 2023 | February 28, 2022 |
| EMS   | 50 %               | 50 %              | 48 %              | 47 %              |
| DMS   | 50 %               | 50 %              | 52 %              | 53 %              |

The following table sets forth, for the periods indicated, foreign source revenue expressed as a percentage of net revenue:

|                        | Three months ended |                   | Six months ended  |                   |
|------------------------|--------------------|-------------------|-------------------|-------------------|
|                        | February 28, 2023  | February 28, 2022 | February 28, 2023 | February 28, 2022 |
| Foreign source revenue | 84.0 %             | 83.5 %            | 85.0 %            | 84.2 %            |

### Gross Profit

| (dollars in millions)  | Three months ended |                   | Six months ended  |                   |
|------------------------|--------------------|-------------------|-------------------|-------------------|
|                        | February 28, 2023  | February 28, 2022 | February 28, 2023 | February 28, 2022 |
| Gross profit           | \$ 661             | \$ 609            | \$ 1,404          | \$ 1,284          |
| Percent of net revenue | 8.1 %              | 8.1 %             | 7.9 %             | 8.0 %             |

Gross profit as a percentage of net revenue remained relatively consistent for the three months and six months ended February 28, 2023, compared to the three months and six months ended February 28, 2022.

### Selling, General and Administrative

| (dollars in millions)               | Three months ended |                   |        | Six months ended  |                   |        |
|-------------------------------------|--------------------|-------------------|--------|-------------------|-------------------|--------|
|                                     | February 28, 2023  | February 28, 2022 | Change | February 28, 2023 | February 28, 2022 | Change |
| Selling, general and administrative | \$ 285             | \$ 280            | \$ 5   | \$ 604            | \$ 588            | \$ 16  |

Selling, general and administrative expenses increased during the three months ended February 28, 2023, compared to the three months ended February 28, 2022. The increase is primarily due to a \$4 million increase in stock-based compensation expense due to awards granted during the three months ended November 30, 2022.

Selling, general and administrative expenses increased during the six months ended February 28, 2023, compared to the six months ended February 28, 2022. The increase is primarily due to a \$11 million increase in stock-based compensation expense due to higher anticipated achievement levels for certain performance-based stock awards and awards granted during the three months ended November 30, 2022.

### Research and Development

| (dollars in millions)    | Three months ended |                   | Six months ended  |                   |
|--------------------------|--------------------|-------------------|-------------------|-------------------|
|                          | February 28, 2023  | February 28, 2022 | February 28, 2023 | February 28, 2022 |
| Research and development | \$ 8               | \$ 8              | \$ 17             | \$ 17             |
| Percent of net revenue   | 0.1 %              | 0.1 %             | 0.1 %             | 0.1 %             |

Research and development expenses remained consistent as a percentage of net revenue during the three months and six months ended February 28, 2023, compared to the three months and six months ended February 28, 2022.

### Amortization of Intangibles

| (dollars in millions)       | Three months ended |                   |        | Six months ended  |                   |        |
|-----------------------------|--------------------|-------------------|--------|-------------------|-------------------|--------|
|                             | February 28, 2023  | February 28, 2022 | Change | February 28, 2023 | February 28, 2022 | Change |
| Amortization of intangibles | \$ 9               | \$ 8              | \$ 1   | \$ 17             | \$ 16             | \$ 1   |

Amortization of intangibles remained relatively consistent during the three months and six months ended February 28, 2023, compared to the three months and six months ended February 28, 2022.

### Restructuring, Severance and Related Charges

| (dollars in millions)                        | Three months ended |                   |      | Change | Six months ended  |                   |       | Change |
|--|--------------------|-------------------|------|--------|-------------------|-------------------|-------|--------|
|  | February 28, 2023  | February 28, 2022 |      |        | February 28, 2023 | February 28, 2022 |       |        |
| Restructuring, severance and related charges | \$ —               | \$ —              | \$ — | \$ —   | \$ 45             | \$ —              | \$ 45 | \$ 45  |

Restructuring, severance and related charges increased during the six months ended February 28, 2023, compared to the six months ended February 28, 2022 primarily related to a headcount reduction to further optimize our business activities during the three months ended November 30, 2022.

### Other Expense (Income)

| (dollars in millions)  | Three months ended |                   |       | Change | Six months ended  |                   |       | Change |
|------------------------|--------------------|-------------------|-------|--------|-------------------|-------------------|-------|--------|
|                        | February 28, 2023  | February 28, 2022 |       |        | February 28, 2023 | February 28, 2022 |       |        |
| Other expense (income) | \$ 17              | \$ (4)            | \$ 21 | \$ 21  | \$ 32             | \$ (3)            | \$ 35 | \$ 35  |

The change in other expense (income) during the three months ended February 28, 2023, compared to the three months ended February 28, 2022, is primarily due to: (i) \$15 million related to an increase in fees associated with the securitization programs and higher utilization of and higher interest rates for the trade accounts receivable sales programs, (ii) \$4 million primarily related to higher net periodic benefit costs, and (iii) \$2 million arising from an increase in other expense.

The change in other expense (income) during the six months ended February 28, 2023, compared to the six months ended February 28, 2022, is primarily due to: (i) \$31 million related to an increase in fees associated with the securitization programs and higher utilization of and higher interest rates for the trade accounts receivable programs, and (ii) \$7 million primarily related to higher net periodic benefit costs. The change is partially offset by \$3 million arising from a decrease in other expense.

### Interest Income

| (dollars in millions) | Three months ended |                   |       | Change | Six months ended  |                   |       | Change |

Interest income increased during the three months and six months ended February 28, 2023, compared to the three months and six months ended February 28, 2022, primarily due to higher interest rates on cash equivalents (investments that are readily convertible to cash with maturity dates of 90 days or less).

### Interest Expense

Interest expense increased during the three months and six months ended February 28, 2023, compared to the three months and six months ended February 28, 2022, primarily due to higher interest rates on our commercial paper program and credit facilities.

### Income Tax Expense

|                           | Three months ended |                   |       | Change | Six months ended  |                   |       | Change |

|                           | February 28, 2023  | February 28, 2022 |       |        | February 28, 2023 | February 28, 2022 |       |        |
| Effective income tax rate | 27.6 %             | 21.7 %            | 5.9 % | 5.9 %  | 26.6 %            | 22.8 %            | 3.8 % | 3.8 %  |

The effective income tax rate differed for the three months and six months ended February 28, 2023, compared to the three months and six months ended February 28, 2022, primarily due to: (i) a change in the jurisdictional mix of earnings, driven in part by restructuring charges for the six months ended February 28, 2023 and (ii) a \$10 million income tax benefit associated with the reversal of a non-U.S. partial valuation allowance during the three months ended February 28, 2023.

## Non-GAAP (Core) Financial Measures

The following discussion and analysis of our financial condition and results of operations include certain non-GAAP financial measures as identified in the reconciliations below. The non-GAAP financial measures disclosed herein do not have standard meaning and may vary from the non-GAAP financial measures used by other companies or how we may calculate those measures in other instances from time to time. Non-GAAP financial measures should not be considered a substitute for, or superior to, measures of financial performance prepared in accordance with U.S. GAAP. Among other uses, management uses non-GAAP “core” financial measures to make operating decisions, assess business performance and as a factor in determining certain employee performance when evaluating incentive compensation. Also, our “core” financial measures should not be construed as an indication by us that our future results will be unaffected by those items that are excluded from our “core” financial measures.

For fiscal year 2023, the Company adopted an annual normalized tax rate (“normalized core tax rate”) for the computation of the non-GAAP (core) income tax provision to provide better consistency across reporting periods. In estimating the normalized core tax rate annually, the Company utilizes a full-year financial projection of core earnings that considers the mix of earnings across tax jurisdictions, existing tax positions, and other significant tax matters. The Company may adjust the normalized core tax rate during the year for material impacts from new tax legislation or material changes to the Company’s operations.

Prior to fiscal year 2023, the Company determined the tax effect of the items included and excluded from core earnings quarterly.

Included in the tables below are reconciliations of the non-GAAP financial measures to the most directly comparable U.S. GAAP financial measures as provided in our Condensed Consolidated Financial Statements:

<sup>(1)</sup> Certain customers co-invest in property, plant and equipment (“PP&E”) with us. As we acquire PP&E, we recognize the cash payments in acquisition of PP&E. When our customers reimburse us and obtain control, we recognized the cash receipts in proceeds and advances from the sale of PP&E.

### Liquidity and Capital Resources

We believe that our level of liquidity sources, which includes cash on hand, available borrowings under our revolving credit facilities and commercial paper program, additional proceeds available under our global asset-backed securitization program and under our uncommitted trade accounts receivable sale programs, cash flows provided by operating activities and access to the capital markets, will be adequate to fund our capital expenditures, the payment of any declared quarterly dividends, any share repurchases under the approved programs, any potential acquisitions, our working capital requirements and our contractual obligations for the next 12 months and beyond. We continue to assess our capital structure and evaluate the merits of redeploying available cash.

### Cash and Cash Equivalents

As of February 28, 2023, we had approximately \$1.2 billion in cash and cash equivalents, of which a significant portion was held by our foreign subsidiaries. Most of our foreign cash and cash equivalents as of February 28, 2023 could be repatriated to the United States without potential tax expense.

<sup>(1)</sup> On February 10, 2023, we entered into an amendment (the “Amendment”) to our senior unsecured credit agreement dated as of January 22, 2020 (as amended, the “Credit Facility”). The Amendment, among other things, (i) instituted certain amendments to the sustainability-linked adjustments to the interest rates applicable to borrowings under the three-year revolving credit facility (the “Three-Year Revolving Credit Facility”) and the five-year revolving credit facility (the “Five-Year Revolving Credit Facility”), (ii) established customary SOFR, CDOR, EURIBOR and TIBOR provisions, which replaced the LIBOR provisions set forth in the existing agreement, and (iii) extended the termination date of the Three-Year Revolving Credit Facility to January 22, 2025, and of the Five-Year Revolving Credit Facility to January 22, 2027.

- (2) As of February 28, 2023, we had \$3.8 billion in available unused borrowing capacity under our revolving credit facilities. The Credit Facility acts as the back-up facility for commercial paper outstanding, if any. We have a borrowing capacity of up to \$3.2 billion under our commercial paper program. Commercial paper borrowings with an original maturity of 90 days or less are recorded net within the Condensed Consolidated Statements of Cash Flows, and have been excluded from the table above.

We have a shelf registration statement with the SEC registering the potential sale of an indeterminate amount of debt and equity securities in the future to augment our liquidity and capital resources.

Our Senior Notes and our credit facilities contain various financial and nonfinancial covenants. A violation of these covenants could negatively impact our liquidity by restricting our ability to borrow under the notes payable and credit facilities and potentially causing acceleration of amounts due under these notes payable and credit facilities. As of February 28, 2023 and August 31, 2022, we were in compliance with our debt covenants. Refer to Note 5 – “Notes Payable and Long-Term Debt” to the Condensed Consolidated Financial Statements for further details.

#### ***Global Asset-Backed Securitization Program***

Certain Jabil entities participating in the global asset-backed securitization program continuously sell designated pools of trade accounts receivable to a special purpose entity, which in turn sells certain of the receivables at a discount to conduits administered by an unaffiliated financial institution on a monthly basis. In addition, a foreign entity participating in the global asset-backed securitization program sells certain receivables at a discount to conduits administered by an unaffiliated financial institution on a daily basis.

We continue servicing the receivables sold and in exchange receive a servicing fee under the global asset-backed securitization program. Servicing fees related to the global asset-backed securitization program recognized during the three months and six months ended February 28, 2023 and 2022 were not material. We do not record a servicing asset or liability on the Condensed Consolidated Balance Sheets as we estimate that the fee we receive to service these receivables approximates the fair market compensation to provide the servicing activities.

The special purpose entity in the global asset-backed securitization program is a wholly-owned subsidiary of the Company and is included in our Condensed Consolidated Financial Statements. Certain unsold receivables covering up to the maximum amount of net cash proceeds available under the domestic, or U.S., portion of the global asset-backed securitization program are pledged as collateral to the unaffiliated financial institution as of February 28, 2023.

The global asset-backed securitization program expires on November 25, 2024 and the maximum amount of net cash proceeds available at any one time is \$600 million. During the three months and six months ended February 28, 2023, we sold \$1.0 billion and \$2.1 billion, respectively, of trade accounts receivable and we received cash proceeds of \$1.0 billion and \$2.0 billion, respectively. As of February 28, 2023, we had no available liquidity under our global asset-backed securitization program.

The global asset-backed securitization program requires compliance with several covenants including compliance with the interest ratio and debt to EBITDA ratio of the Credit Facility. As of February 28, 2023 and August 31, 2022, we were in compliance with all covenants under our global asset-backed securitization program. Refer to Note 6 – “Asset-Backed Securitization Program” to the Condensed Consolidated Financial Statements for further details on the program.

#### ***Trade Accounts Receivable Sale Programs***

As of February 28, 2023, we may elect to sell receivables and the unaffiliated financial institutions may elect to purchase specific accounts receivable at any one time up to a: (i) maximum aggregate amount available of \$2.1 billion under nine trade accounts receivable sale programs, (ii) maximum amount available of 400 million CNY under one trade accounts receivable sale program and (iii) maximum amount available of 100 million CHF under one trade accounts receivable sale program. The trade accounts receivable sale programs expire on various dates through 2025.

During the three months and six months ended February 28, 2023, we sold \$2.9 billion and \$6.5 billion, respectively, of trade accounts receivable under these programs and we received cash proceeds of \$2.9 billion and \$6.4 billion, respectively. As of February 28, 2023, we had up to \$1.3 billion in available liquidity under our trade accounts receivable sale programs.

## Cash Flows

The following table sets forth selected consolidated cash flow information (in millions):

|  | Six months ended  |                   |
|--|-------------------|-------------------|
|  | February 28, 2023 | February 28, 2022 |
| Net cash provided by operating activities                    | \$ 580            | \$ 200            |
| Net cash used in investing activities                        | (484)             | (292)             |
| Net cash used in financing activities                        | (371)             | (381)             |
| Effect of exchange rate changes on cash and cash equivalents | (3)               | (1)               |
| Net decrease in cash and cash equivalents                    | \$ (278)          | \$ (474)          |

### Operating Activities

Net cash provided by operating activities during the six months ended February 28, 2023, was primarily due to non-cash expenses and net income and a decrease in accounts receivable, accounts payable, accrued expenses and other liabilities, contract assets. These decreases were partially offset by an increase in inventories and prepaid expenses and other current assets. The decrease in accounts receivable is primarily driven by the timing of collections. The decrease in accounts payable, accrued expenses and other liabilities is primarily due to the timing of purchases and cash payments. The decrease in contract assets is primarily due to timing of revenue recognition for over time customers. The increase in inventories is primarily due to higher raw material balances related to supply chain constraints, particularly in the automotive supply chain. The increase in prepaid expenses and other current assets is primarily due to the timing of payments.

### Investing Activities

Net cash used in investing activities during the six months ended February 28, 2023 consisted primarily of capital expenditures, principally to support ongoing business in the DMS and EMS segments, partially offset by proceeds and advances from the sale of property, plant and equipment.

### Financing Activities

Net cash used in financing activities during the six months ended February 28, 2023 was primarily due to (i) payments for debt agreements, (ii) the repurchase of our common stock under our share repurchase authorization, (iii) the purchase of treasury stock under employee stock plans, and (iv) dividend payments. Net cash used in financing activities was partially offset by borrowings under debt agreements.

### Capital Expenditures

For Fiscal Year 2023, we anticipate our net capital expenditures will be approximately \$875 million. In general, our capital expenditures support ongoing maintenance in our DMS and EMS segments and investments in capabilities and targeted end markets. The amount of actual capital expenditures may be affected by general economic, financial, competitive, legislative and regulatory factors, among other things.

### Dividends and Share Repurchases

We currently expect to continue to declare and pay regular quarterly dividends of an amount similar to our past declarations. However, the declaration and payment of future dividends are discretionary and will be subject to determination by our Board of Directors each quarter following its review of our financial performance and global economic conditions.

In July 2021, the Board of Directors approved an authorization for the repurchase of up to \$1.0 billion of our common stock (the “2022 Share Repurchase Program”). As of February 28, 2023, 16.5 million shares had been repurchased for \$1.0 billion and no authorization remains under the 2022 Share Repurchase Program.

In September 2022, the Board of Directors approved an authorization for the repurchase of up to \$1.0 billion of the Company’s common stock (the “2023 Share Repurchase Program”). As of February 28, 2023, 0.3 million shares had been repurchased for \$25 million and \$975 million remains available under the 2023 Share Repurchase Program.

### ***Contractual Obligations***

As of the date of this report, other than the new operating and finance leases, (see Note 4 – “Leases” to the Condensed Consolidated Financial Statements), there were no material changes outside the ordinary course of business, since August 31, 2022, to our contractual obligations and commitments and the related cash requirements.

### **Item 3. Quantitative and Qualitative Disclosures About Market Risk**

There have been no material changes in our primary risk exposures or management of market risks from those disclosed in our Annual Report on Form 10-K for the fiscal year ended August 31, 2022.

### **Item 4. Controls and Procedures**

#### **Evaluation of Disclosure Controls and Procedures**

We carried out an evaluation required by Rules 13a-15 and 15d-15 under the Exchange Act (the “Evaluation”), under the supervision and with the participation of our Chief Executive Officer (“CEO”) and Chief Financial Officer (“CFO”), of the effectiveness of our disclosure controls and procedures as defined in Rules 13a-15 and 15d-15 under the Exchange Act as of February 28, 2023. Based on the Evaluation, our CEO and CFO concluded that the design and operation of our disclosure controls were effective to ensure that information required to be disclosed by us in reports that we file or submit under the Exchange Act is (i) recorded, processed, summarized and reported within the time periods specified in SEC rules and forms, and (ii) accumulated and communicated to our senior management, including our CEO and CFO, to allow timely decisions regarding required disclosure.

#### **Changes in Internal Control over Financial Reporting**

For our fiscal quarter ended February 28, 2023, we did not identify any modifications to our internal control over financial reporting that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

**PART II—OTHER INFORMATION****Item 1. Legal Proceedings**

See the discussion in Note 17 - “Commitments and Contingencies” to the Condensed Consolidated Financial Statements.

**Item 1A. Risk Factors**

For information regarding risk factors that could affect our business, results of operations, financial condition or future results, see Part I, “Item 1A. Risk Factors” of our Annual Report on Form 10-K for the fiscal year ended August 31, 2022. For further information on our forward-looking statements see Part I of this Quarterly Report on Form 10-Q.
